

Hitoshi Okamoto M.D., Ph.D

POSITION TITLE:

Team Leader,
Lab. for Neural Circuit Dynamics of Decision Making
RIKEN Center for Brain Science (CBS)

ADDRESS:

2-1 Hirosawa, Wako, Saitama, 351-0198 Japan,
TEL: +81-48-467-9712
FAX: +81-48-467-9714
E-MAIL: hitoshi.okamoto@riken.jp

CV

1983 M.D. Tokyo Univ.
1988 Ph.D. Tokyo Univ. (advisor, Prof. Yoshiki Hotta)
1988~1991 Postdoctoral Research Fellow, Univ. of Michigan, Ann Arbor
(advisor, Prof. John Y. Kuwada)
1991~1993 Assistant Professor, National Institute for Basic Biology (NIBB)
1993~1997 Lecturer and Associate Professor, Dept. of Physiology,
Keio Univ., School of Med. and Adjunct Associate Professor, NIBB
1997~2018, Laboratory Head, Lab. for Developmental Gene Regulation,
RIKEN Brain Science Institute (BSI)
2004~2008, Group Director, Neural Growth and Regeneration Research Group, BSI
2008~2018, Deputy Director of BSI,
2009~2018, Senior Team Leader, BSI
2018~present, Team Leader,
Lab. for Neural Circuit Dynamics of Decision Making
Center for Brain Science (CBS)
Director, RIKEN-Kao Collaboration Center
Adjunct Professor of Waseda Univ., Keio Univ., Tokyo Univ.

Prize

Tokizane Prize (2014)

Publications

- 1) Okamoto, H., Hiromi, Y., Ishikawa, E., Yamada, T., and Hotta, Y. (1985). Molecular analyses of *Drosophila melanogaster* mutant actin genes. pp75-84. in Proceedings of the 11th International Symposium, Division of Biophysics, the Taniguchi Foundation.
- 2) Hiromi, Y., Okamoto, H., Gehring, W. J., and Hotta, Y. (1986). Germline transformation with *Drosophila melanogaster* mutant actin genes induces constitutive expression of heat shock genes. **Cell**, 44:293-301.
